

Inputs from **PAN** on the objectives and milestones:

1. Global overarching framework with sole legally binding protocols eg. on HHPs, Chemicals in Products, Lead in Paint;
2. Milestone Proposal: number of countries that have phased out HHPs:
3. EU thought starter – some suggestions include:
 - a) A10: By 20xx, all countries have legal frameworks to prevent the export for the use of chemicals that are banned in their country
 - b) A11: By 20xx, all countries have legal frameworks requiring manufacturers to take back unused stock and containers for pesticides
 - c) D4: By 20xx, all countries have policies to replace HHPs with agroecology
 - d) D5 By 20xx, all countries are implementing agroecology
